

Knowing the Scratch screen

Sprite It is a shape that is operated upon for various actions. There is a huge collection of Sprites in the **Sprite Library**.

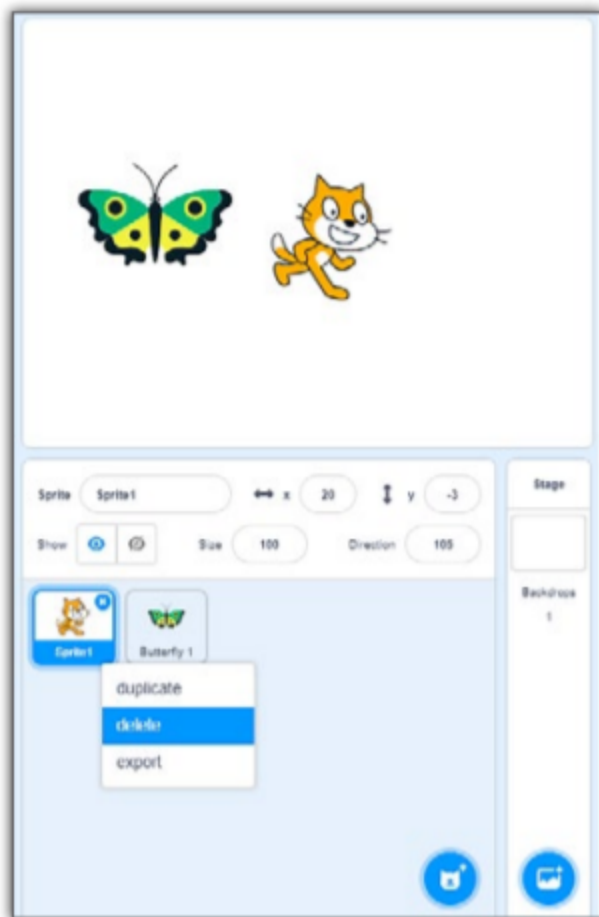

Sprites are divided into many Categories and Themes.

It is possible to add new Sprite. It is also possible to delete a Sprite.

New Sprite To choose a new Sprite, click on the Sprite Library Icon. It will open the library with many designer Sprites. You can choose a Sprite of your choice from the Sprite Library.

Delete Sprite To delete a Sprite, right click on it, and choose option Delete.

The stage is shown with two sprites.

The stage is shown after deleting one Sprite.

Backdrop It is a colorful picture that appears on the stage. There is a huge collection of Sprites in the **Backdrop Library**
